## Education

### University of Alberta | Edmonton, AB

Bachelor of Science in Engineering

Sep. 2020 – Present

### University of Alberta | Edmonton, AB

Bachelor of Science Honors Neuroscience (cumulative GPA: 4.00/4.00)

Transferred to the Faculty of Engineering at the University of Alberta June 2020.

Sep. 2018 – Apr. 2020

### Old Scona Academic High School | Edmonton, AB

Alberta High School Diploma (graduating grade: 95%)

Sep. 2015 – Jun. 2018

## Technical Skills

**Programming (proficient):** C++, Python

**Programming (familiar):** Arduino, R

**Markup and Version Control:** Git,  $\text{\LaTeX}$ , HTML, CSS

**Design:** Fusion 360

**Software:** GitHub, SPSS, Graphpad Prism

**Microsoft Office:** Word, Powerpoint, Excel, OneNote

## Research and Clinical Experience

### Zochodne Lab | Li Ka Shing Center for Health Innovation, Edmonton, AB

Undergraduate Research Student

Oct. 2018 – Present

- Current project: researching the effects of acute and chronic cutaneous denervation (defined here as a loss of axons) on differential mRNA expression in skin keratinocytes.
- Techniques: mouse nerve microsurgery (sciatic nerve crush), mouse and rat harvesting (sciatic nerve, saphenous nerve, dorsal root ganglion, footpad biopsy), mouse intranasal injections, electroporation, electrophysiological testing, immunohistochemistry, co-IP, Western blot, confocal microscopy.

### Neurosurgery Shadow | Walter C. Mackenzie Hospital, Edmonton, AB

Shadow in the Neurosurgical Operating Room

Jul. 2019

- Shadowed for three surgical cases: deep brain stimulation for Parkinson's disease, microvascular decompression for trigeminal neuralgia, and percutaneous rhizotomy for trigeminal neuralgia.

### Kalra Lab | Heritage Medical Research Centre, Edmonton, AB

Data Auditor

Oct. 2018 – Jun. 2019

- Audited MRI scans and patient data forms for the Canadian Amyotrophic Lateral Sclerosis Neuroimaging Consortium (CALSNIC).

### Baker Lab | Cross Cancer Institute, Edmonton, AB

Gene Researcher for a Week Program

Mar. 2018

- Researched DNA mutations associated with colorectal cancer.
- Techniques: Western Blot, qPCR.

## Employment

### Edmonton Fencing Club | Edmonton, AB

Nov. 2016 – Present

Fencing Coach

- Coaching children to fence and refereeing fencing competitions.
- Fixing and making fencing blades and wires.
- Facilitating demonstrations and open houses.

## Project Experience

### NeurAlbertaTech | University of Alberta

Jan. 2020 – Present

Hardware Team | Eye-Tracking Team Lead

- Modelling and building an eye-tracking apparatus along with software that returns a real-time vector in the direction that the user is looking.
- Creating an application that integrates eye-tracking, body-tracking, and EEG signals. Software driven by PyQt5, Lab Streaming Layer, fast Fourier transforms, and multithreading.

### Introduction to Tangible Computing II (CMPUT 275) | University of Alberta

May 2020 – Apr. 2020

EEG Visualizer

- The application takes an electroencephalogram (EEG) data stream over a local network and visualizes both the raw and transformed signals in a Matplotlib figure embedded in a PyQt5 user interface.
- The program implements the radix-2 decimation-in-time fast Fourier transform algorithm.

Driving Route Finder

May 2020 – Apr. 2020

- A route finder where the user can indicate a start and end point anywhere in the city of Edmonton using a joystick.
- The program uses a client-server model with a desktop C++ program communicating with an Arduino client.
- A desktop C++ program computes the shortest route possible using either the A\* or Dijkstra algorithm and displays it on an Adafruit 3.5" touchscreen display on an Arduino Mega2560.

## Volunteering

### Youreka Canada

May 2020 – Present

Associate Director of Programs | Youreka Canada

- Curating the national Youreka curriculum and analyzing previous curricula. Topics are focused on introductory bioinformatics techniques in the biomedical sciences.
- Providing judging and awards criteria for student research projects at both the regional and national symposia.
- Editing promising projects for undergraduate journal publications.
- Conducting national teaching sessions and distributing curriculum material to the regional academic directors.

National Operations Committee Member | Youreka Canada

May 2020 – Present

- Spearheaded a curriculum bifurcation pilot project for Youreka Edmonton.
- National short-term strategy and execution.
- Collaboration on Youreka Canada organizational policy and procedures.

Vice President of Academics | Youreka Edmonton

May 2019 – Present

- Provided four live video lectures to all Youreka Canada chapters (University of Alberta, Calgary, Windsor, Queen's) and created slide sets, worksheets, and Python 3 code on introductory statistics during the COVID-19 pandemic.
- Lectured an eight-week program to a group of 60 high school and undergraduate students (2020 cohort).
- Presided over all academic sessions and supplementary material.

Senior Investigator | Youreka Edmonton

**Feb. 2019 – May 2019**

- Mentoring high school students to do research involving bioinformatics.
- Facilitating and ensuring quality of projects, and compiling team data for a public research symposium.
- Received best senior investigator award for exemplary leadership of a research team.

**Canadian Blood Services | Edmonton, AB**

Stem Cell Board Coordinator

**Sep. 2019 – Present**

- Planning, coordinating, and executing Canadian Blood Services stem cell related events (ex: patient campaigns) with staff and volunteers. There are typically one or two stem cell recruitment events per month.

Stem Cell Board Member

**Sep. 2018 – Present**

- Planning and executing Canadian Blood Services stem cell related events.
- Providing public education about stem cell donations (ex: presentations at major Edmonton high schools and university student groups, exhibitions at the Telus World of Science, etc.).

Edmonton NextGen Lifeline Committee

**Sep. 2018 – Present**

- Recruitment for blood donations and informing the public about blood and stem cell donations.
- Lead developer of a volunteer database framework, digitization and automation of volunteer resources (volunteer contracts, event forms, event data).
- Created a Python 3 Tkinter application that queries and analyzes volunteer contracts from an SQL database.
- Migrated Canadian Blood Services Youth Committee event data from 2011-2019 to an SQL database.

Summer Youth Program

**Jun. 2018 – Aug. 2018**

- Volunteer of the month, June 2018.

**Edmonton World Health Organization (eWHO) | University of Alberta**

Vice President Finance

**Apr. 2019 – Jun. 2020**

- Writing grant applications for the eWHO conference.
- Managing eWHO funds.

**Office of the Registrar's Student Advisory Committee | University of Alberta**

Member

**Oct. 2018 – Apr. 2020**

- Provide feedback on student services (ex: University of Alberta Calendar, admissions website).
- Give input on potential University of Alberta projects (ex: Green and Gold Getaway).

**Brain Awareness Movement | University of Alberta**

Director of Education

**Apr. 2019 – Sep. 2019**

- Organizing and giving presentation throughout Edmonton on brain awareness.

Event Facilitator

**Oct. 2018 – Apr. 2019**

- Outreach for sponsorships and event planning.

## Sports

### Fencing (Foil)

Feb. 2011 – Present

#### International

- 23rd Guatemala Junior (U20) World Cup Dec. 2016
- Ranked A16 in the USA (qualified for Division 1) Dec. 2016

#### National

- 3rd Senior (Open) Canada Cup West, Winnipeg, MB Nov. 2018
- 2nd Junior (U20) Canada Cup West, Winnipeg, MB Nov. 2018
- 2nd Cadet (U17) Western Canadian Championships, Calgary, AB Nov. 2017
- 3rd Cadet (U17) Canada Cup, Longueuil, QC May 2015
- 3rd Y14 Canada Cup, Richmond, BC Dec. 2013

### Table Tennis

Jan. 2006 – Jul. 2011

- 1st U-1500 Round Robin Milwaukee Table Tennis Open Jul. 2011
- Halifax 2011 Canada Winter Games – 5th team, 19th individual Feb. 2011

## Certifications

### Fundamentals of Reinforcement Learning

University of Alberta and Alberta Machine Intelligence Institute on Coursera

Mar. 2020

### CCAC Training for Animal Users Part II: The Care and Use of the Laboratory Mouse

University of Alberta (Research Area: Health Sciences)

Jun. 2019

### CCAC Training for Animal Users Part I: Ethics of Animal Use (IAUTP)

University of Alberta

May 2019

### Concepts in Biosafety 2018

University of Alberta

May 2019

### Laboratory and Chemical Safety 2018

University of Alberta

May 2019

### WHMIS 2019

University of Alberta

Jan. 2019

### Emergency First Aid Level A CPR and AED

St. John Ambulance

Jul. 2018

### Diplôme d'études en langues française niveau B1 (translation: French studies diploma level B1)

Ministère de l'Éducation nationale (translation: Ministry of National Education)

May 2018

### Advanced Rudiments First Class Honours with Distinction

The Royal Conservatory of Music

Oct. 2015

### Grade 8 Piano First Class Honours

The Royal Conservatory of Music

Oct. 2015

## Honours and Awards

### COVID-19 Data Science Hackathon Post-Secondary Student Award (\$500)

May 2020

- Developed an interactive application using a multivariate regression model to better understand the impacts of age, poverty, income, and population density on the spread of the COVID-19 virus. The application was developed with R Shiny and dygraphs and embedded in a website. The program utilized data from the Alberta Data Institute's data analytics platform: [Dataxch.ai](https://dataxch.ai).
- The goal of the hackathon was to collect and curate worldwide open data and to refine, transform, and link that data to provide a visualization regarding the impact of COVID-19. The two themes were: (1) overall understanding of the efforts to flatten the curve and (2) economic recovery especially for Alberta and Canada.
- Hackathon hosted by Alberta Innovates, CYBERA, and the Pacific Institute for Mathematical Sciences. 120 individuals and teams competed in the hackathon.
- See the project [here](#). See the Alberta Innovates media announcement [here](#) (my team is called "Youreka Data Science"). See the CYBERA media announcement [here](#).
- Awarded by Alberta Innovates.

**Alberta Innovates Summer Research Studentship (\$6000)****Apr. 2020**

- Grant for summer research project titled "Skin and Nerves: Understanding the dialogue between axons and skin cells to restore sensation."
- Awarded by the Undergraduate Research Initiative, University of Alberta.

**Undergraduate Researcher Stipend (\$5000, declined)****Apr. 2020**

- Grant for summer research project titled "Skin and Nerves: Understanding the dialogue between axons and skin cells to restore sensation."
- Awarded by the Undergraduate Research Initiative, University of Alberta.

**Sci5 Outstanding Achievement in Science Scholarship (\$500)****Mar. 2020**

- Awarded to 4 well-rounded students with strong academic achievement, extracurricular involvement, and recommendation letters.
- Awarded by the Interdepartmental Science Students' Society at the University of Alberta.

**Louise McKinney Post-Secondary Scholarship (\$2500)****Dec. 2019**

- Awarded on the basis of superior academic achievement (top 1.5-2% of faculty) to students at the University of Alberta who are also Alberta residents.

**University of Alberta Undergraduate Scholarship (\$2000)****Sep. 2019**

- Awarded to students with superior academic achievement.

**T4K Undergraduate Leadership Scholarship (\$1400)****Sep. 2019**

- Awarded to students at the University of Alberta with superior academic achievement who demonstrate leadership through involvement and participation in university or community organizations, sports activities, or cultural activities.

**Faculty of Science Undergraduate Scholarship (\$500)****Sep. 2019**

- Awarded to students with superior academic achievement enrolled in the second, third, or fourth year of an undergraduate degree in the Faculty of Science at the University of Alberta.

**Office of the Provost and VP (Academic) Summer Studentship Award (\$2600)****May 2019**

- Grant for summer research project titled "Axon regrowth and plasticity in diabetic neuropathy: the role of growth cone molecules."
- Awarded by the Faculty of Medicine and Dentistry, University of Alberta.

**Dean's Honor Roll 2018-19, Faculty of Science****May 2019**

- Awarded to students at the University of Alberta with a Grade Point Average of 3.5 or higher.

**Sci5 Outstanding Achievement in Science Scholarship (\$500)****Apr. 2019**

- Awarded to the top 5 students in the Faculty of Science at the University of Alberta who also demonstrate exceptional extracurricular activities.
- Awarded by the Interdepartmental Science Students' Society at the University of Alberta.

**Alexander Rutherford Scholarship (\$2500)****Aug. 2018**

- Awarded to high school graduates with exceptional academic standing over all three years of high school.

**Service Award****Jun. 2018**

- Awarded by Old Scona Academic High School.

**Jujie Luan Travel Bursary (\$250)****Mar. 2013**

- Awarded to upcoming fencers travelling for competitions.

**Recognition of Accomplishment at the Canadian Table Tennis Championships (\$220)****Jan. 2011**

- Awarded for exceptional performance at the 2011 Canadian Table Tennis Championships.
